Council for Homeopathic Certification

RETIRED STATUS PACKET FOR CHC CERTIFIED HOMEOPATHS

Introduction

In recognition of the contributions certified homeopaths have made to homeopathic practice, education, and research throughout their careers, the CHC offers, at the time of retirement, the title of Retired Certified Homeopath. Certified Homeopaths who have achieved and maintained certification in homeopathy through the CHC have demonstrated a level of excellence. At the time of retirement, the certified homeopath may want to continue to use the designation of *certified* but not complete the annual recertification process.

This designation may be used on documents such as business cards, curriculum vitae, or a resume. Example is CCH (Retired) or CCH (Ret).

Retirement Status Requirements:

1. Certified in good standing with the CHC
2. Retired from homeopathic practice with no plans to return to active homeopathic practice and
3. Submission of an application within one year after the expiration of your latest CHC recertification date.

Submission must include:

Retirement status application and the application fee, which must be submitted and post-marked within one year of the expiration of the current CHC recertification date. There is no grace period.

All applications must be complete to be processed. Missing information will delay the processing of your retired status application. The one-time fee to obtain retired status is \$75.00.

To ensure that your Retired Status Application is complete, please use the following checklist. An incomplete application *will not be processed*.
